## Local Happenings

Mrs. R. A. May is spending a few days with her son S. I. May and family.

It's an ill-wind that blows no good. J. E. Clark has had a very busy week following Saturday's deluge.

H. R. Bryner has the Singer Sewing Machine Agency for the territory including Raymond and Cardston and all the rural districts between here and the mountains and U. S. boundary. He is opening an office in Cardston, and will maintain one at his home here where he will carry a full line of repairs. Appointments for call may be made with Mrs. Bryner when Mr. Bryner is out covering his territory. Read his ad. in this paper.

Of all cities reported so far, the damage in Calgary due to the week-end storm which was quite general seems to be the worst. Bowness Park was flooded, the dancing pavilion, tea room, lagoons, etc. being badly damaged by the flood. St. George's Island and pleasure resort in the making and the home of the recently started Calgary Zoo was inundated and many of the rare specimens of birds were turned loose and lost and quite a number of the other animals drowned. Business blocks and firms in basements were flooded, bridges washed out, and water running through subways. Both the Bow and Elbow rivers were from 3 to 5 feet above the danger point Monday forenoon.

## Board of Trade Meeting

WILL BOOST FOR GOOD ROADS

The regular monthly meeting and luncheon of the Board of Trade was held at the Club Cafe on Wednesday June 5 with President T. O. King in the chair.

After the minutes of the previous meeting were read and accepted a number of items of correspondence were disposed of as follows.

A letter was read from the Good Roads Committee regarding certain stretches of road in the district which needed attention. The meeting went on record as being in favor of good roads, and asked the Road committee to present the letter to the Municipal Council and confer with them in regards to getting the roads repaired.

A letter from the C. P. R. objecting to the Pool Elevator at Anderson on the ground that Raymond and Welling were too close together for an elevator or to be erected between them. This question was discussed at some length and a motion passed to appoint one member from the Board of Trade to act with the Committee from the U. F. A. and Pool local to wait upon Mr. Smith, Divisional Superintendent at Lethbridge and lay the matter before him as to why an elevator should be built at Anderson.

A lengthy circular was read giving reasons why the School of Agriculture at Claresholm and Raymond should be closed and a new one built at Leth-

bridge. It was decided to refer this correspondence to the School Committee of the Board of Trade with a recommendation that this Board co-operate with Mr. Longman and the school staff in an effort to increase the enrollment for the coming year.

After reading the letter from the Lethbridge Board of Trade regarding the Picnic at Waterton Park on July 1st of all the Boards of Trade and U. F. A. locals of Southern Alberta and South-eastern British Columbia it was pointed out that plans were afoot for a local celebration on that date and the Secretary was instructed to write the Lethbridge Board of Trade explaining this and promising them the support of those from Raymond who may be at Waterton on that date.

After considerable discussion the resignation of O. R. Knight as Stampede Manager was accepted with regrets, and thanks for his past services. This disorganized the old Committee and a new committee was appointed with full power to decide whether or not Raymond has a Stampede, and if the decision is to hold a Stampede, to go ahead with plans for it. The committee members are: O. R. Knight, chairman, with W. Meeks, W. Palmer, L. D. King and C. W. Lamb as members.

The meeting adjourned at 3:45. Sixteen members were present.

## District Is Inundated

Acclaimed by many of the oldtimers of the district as the worst storm ever was the cloudburst which hit Raymond and district Saturday afternoon at 4 p. m. and continuing until Monday morning almost without a stop. Commencing with thunder and a warm shower of rain it increased in velocity until about 5:30 p. m. when the very elements seemed to turn loose in an effort to flood the country. Rain fell in torrents, and in the course of 20 minutes the street from the corner of the Raymond Service Station across to the Telephone Office was a solid body of water, all of the low then hail started cutting the leaves off places of the streets were filled and the trees and the wind plastering them against houses and fences as though put there with paste. During all of this time the thunder and lightning came closer a tree being hit in the lot of Hamp Whitbeck, splitting it from the forks down to within about four feet from the ground and then cutting it off completely. One clap of thunder shook the earth and startled everybody, and all the while the rain fell in torrents.

Roads were flooded, grades buried beneath the flowing water, bridges being undermined and darkness approaching.

About 9:30 o'clock the canal broke in two places turning a stream of water down through the town which completely buried grades, sidewalks, culverts, and found its way into the Broadway store and the Recorder office through the south doors, running about 2 inches deep around the corner of the Canadian Bank of Commerce.

The railroad, grade was washed out in two places and 80 men were at work on Sunday making repairs and thereby enabling the C. P. R. to maintain its schedule.

In all this and through it all citizens were feverishly at work trying to turn the water away from cellars, basements, etc., and it was necessary for one or two families in houses without foundations and in low places to move out as the floors were covered.

Those who attended the Track Meet at Magrath also had their fun coming home. Some left the Garden

City as soon as the rain started and outside of slippery roads they made it O. K. others tarried longer an when they got a little this side of Anderson they found the water three and a half or four feet deep and rising all the time, and some of them sat there from 8 p. m. until 2:30 a. m. when the water went down after the railroad grade was cut through and the backed up water turned loose. Some people left their cars and waded 2 miles or more through the mud and water and steady rain to get home, either to take horses back to pull cars in with or to dry clothes and a warm stove.

It would fill more space than there is in this entire paper to tell the stories, amusing and otherwise that we have heard of the storm, so we will not attempt anything of this sort.

It is enough to say that one could say nearly anything regarding the storm and not be far wrong. Telephone lines were put out of commission, culverts and bridges were washed out grain, boats, and alfalfa chopped up; but so far as can be told to date, the real damage will be small. The precipitation from the storm was about 2 inches.

## Rain Stops M.I.A. Meet

Will be Finished July 1st According to Plans

The Taylor Stake Track and Field Meet was about half finished on Saturday when the weather man pulled such an awful joke on us.

If satisfactory arrangements can be made the rest of the event will be staged here on July 1st, concluding with a big dance in the evening in the Opera House. This however is not yet definite.

The enthusiasm and friendly rivalry at the Meet kept the interest at fever heat and the untiring work of the coaches in the different wards was reflected in the splendid showing made by the participants under adverse conditions, of a cold day and a damp track.

However, the big classic of the meet, which was the 1/2-mile relay event, was Saturday's concluding number, and was won by a group of four men representing the Raymond first ward, who, in addition to receiving the handsome silver cup, each runner received a silver medal. The trophy, which consists of a cup measuring two feet in height will be in possession of the Raymond first ward M.I.A. for a period of one year, after which the same organization will have to defend its own

crusade against all competition.

The boys responsible for the achievement, which they won easily, were: Solon Low, Reed Kirkham, Lamont Hansen and Kenneth Stone.

### The Winners

The events contested on Saturday, with the winners, follow the winners' names appearing in order of merit:

100-yard dash—Woolsey, Magrath; Nelson, Stirling; Hansen, Raymond first ward; S. Davis Magrath; S. Low Raymond first ward.

Scouts' 60-yard dash—Young, Stirling; Raymond first ward and Raymond second ward boys tied for second and third place; Rollingson Magrath second ward.

Junior pole vault—Bruce Galbraith, Raymond second ward, and Wilford Van Orman, Raymond first ward; D. Clark, Stirling; Turner, Magrath first ward; Smith Magrath.

Ladies' broad jump—Beth Walker, Raymond; Miss Zaig, Stirling; Woolsey, Magrath first; Alice Bascombe, Raymond first.

Senior 220-yard dash—L. Hansen, Raymond first ward; E. Nelson, Stirling; Woolsey, Magrath; Ken. Stone, Raymond first, and Zemp and Burr,

Raymond second. Time, 24 1-5 seconds.

Junior 100-yard dash—F. Weaver and H. Walker, Raymond second, Woolsey, Magrath; Christiansen, Stirling Ken Hague and Gray Kirkham, Raymond, first.

Scouts' potato race—Raymond second; Stirling; Raymond second; Magrath first.

Senior 440-yard dash—Gibb, Stirling; Benny Hicken and W. VanOrman, Raymond first; Burr and Seoville, Raymond second.

Ladies high jump, (4 ft. 4 1/2 in.)—Mildred Galbraith, Raymond second; Miss Hansen, Hillspring; Miss Zaig, Stirling; Raymond 1st and Magrath first tied for third and fourth places as Miss Hansen gave only an exhibition and was not eligible as M.I.A. contestant.

Junior broad jump—Harris Walker, Wilford Van Orman, Woolsey, Magrath first; Fowler, Magrath second.

Senior half mile—Orvin and Bennie Hicken, Raymond first ward, won first and second respectively, with Hawkins and Zemp of Raymond second ward third and fourth.

The track, due to rain, was quite heavy, which handicapped contestants from making better time in the racing events.

## Wilford A. Heninger's Car Stolen

Local interest in the Lethbridge jail break, took a sudden rise in temperature on Saturday when it was discovered that the Chev. Sedan of W. A. Heninger, who lives a few miles north of town had been stolen.

On Friday evening Mr. Heninger had filled the car with oil and gas, ready to go to the Track Meet at Magrath on Saturday. Daylight found the car gone. Nothing more was heard of it until Monday, when reports came in from the Kircaldy that two men had called there for breakfast about daylight and had inquired the way to Coult's.

A little later in the day reports came in that a car was stuck in the mud-hole a few miles south of the Kircaldy ranch house near a sheep camp.

It was not until late Tuesday that it was definitely established that the car belonged to Mr. Heninger, and that was after the numbers on the license plates and engine had been taken.

On Thursday Mr. Heninger went out and brought the car in. It was not

very badly damaged—two of the fenders being damaged quite a bit, as though from large rocks. Otherwise it was alright.

## LABOUR PLACEMENT INDICATE INDUSTRIAL GROWTH

Indicative of the industrial growth in Alberta during the last year is the preliminary report submitted during the past week by Walter Smitten, Commissioner of Labour. Total placements through the provincial employment service numbered more than 2,000 over the previous year's figures. Employees under the Factories Act in the male section increased by 24 per cent, and in the female section by 32 per cent, over the preceding year.

Of vacancies for males reported 99.2 per cent. were filled and of male applicants 89.2 per cent. were placed, corresponding figures for female employment being 84.2 per cent. and 90.6 per cent.

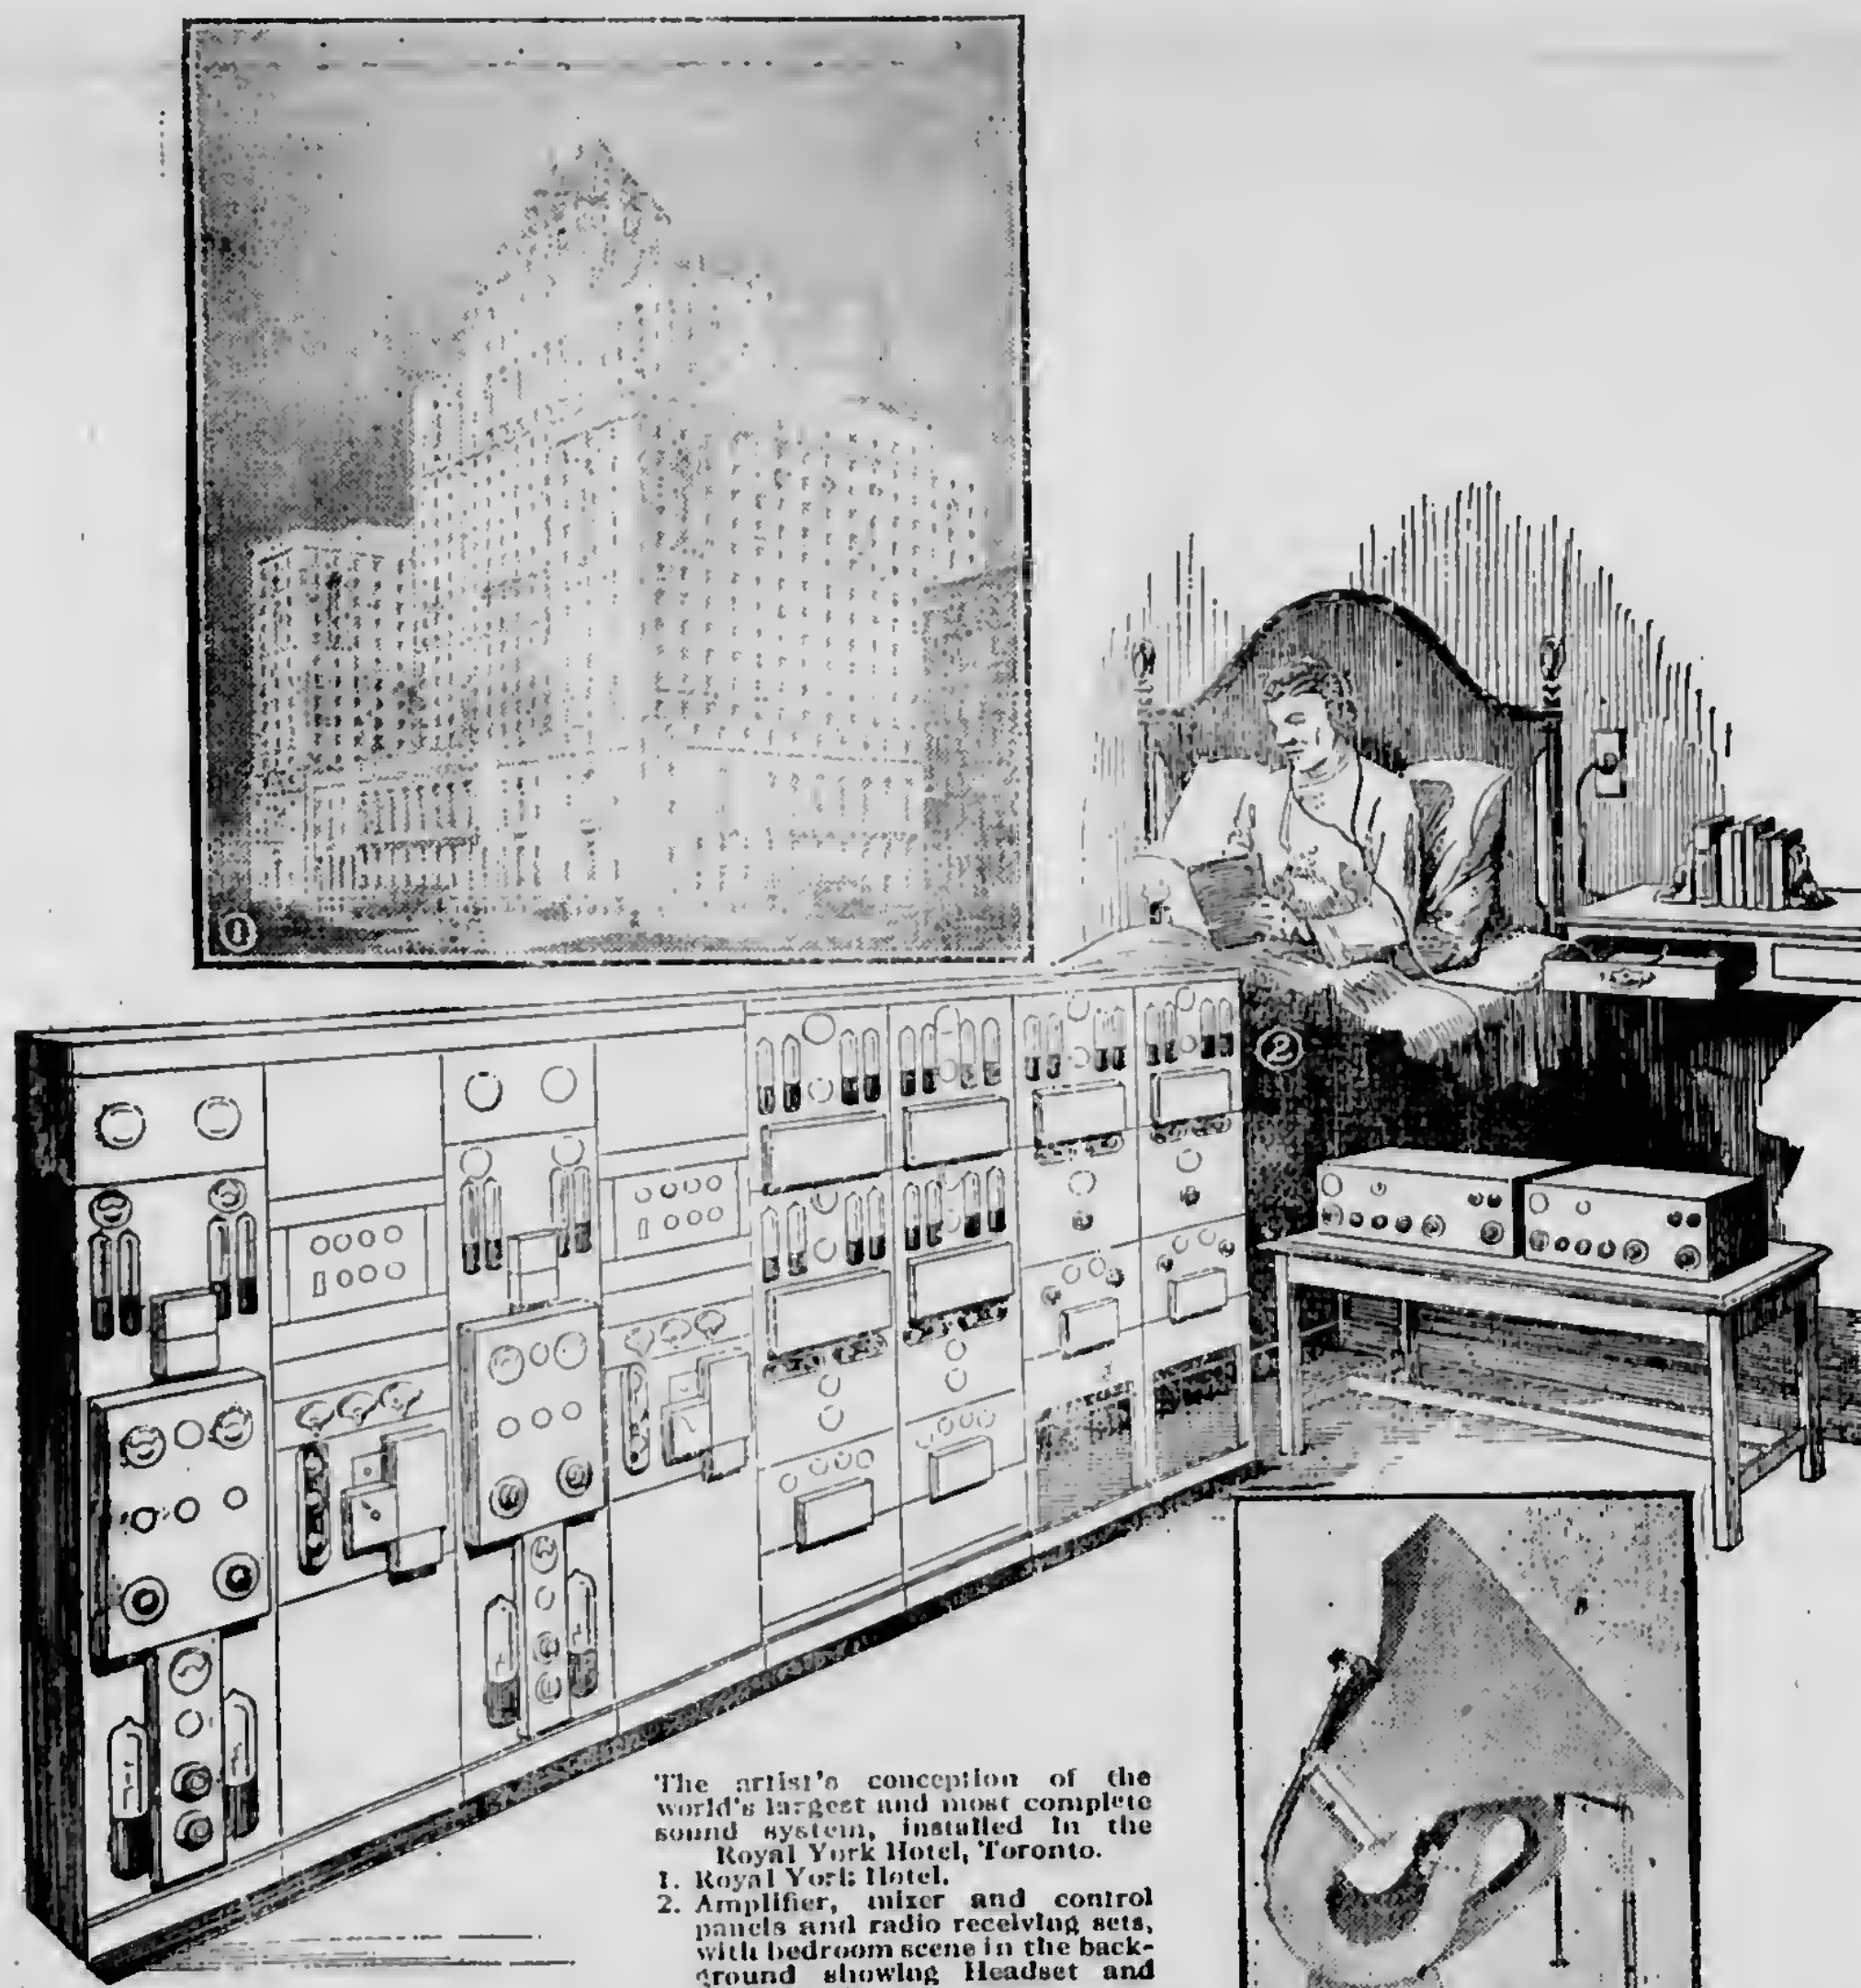

Brick is being piled on the ground now for Melchior Bros new garage.

## TRAVELLING HEALTH CLINIC STARTS SEASON

The travelling clinic under the direction of the Alberta Department of Health which has rendered splendid service in many outlying sections of the province during the past 2 years has started on its itinerary for the 1929 season during the past week. Some 34 centres will be visited and the doctors, dentists and nurses in attendance will follow up the work which has been done in advance by the inspection staff of public health nurses through rural schools. The clinic will again be in charge of Dr. R. T. Washburn, Medical Superintendent of the University Hospital. Dr. Margaret Owens, the first women doctor employed by the Department of Health is a member of the clinic staff and will pay particular attention to the treatment of women and children. Included in the party also will be Dr. A. E. Haycock, Provincial Institutional Dentist; Dr. H. E. Gilchrist of the University of Alberta and four trained nurses.

Deal Mendenhall has his four sign boards finished and decorated now. Magrath will be taken care of next.

## The World's Largest Sound System

The artist's conception of the world's largest and most complete sound system, installed in the Royal York Hotel, Toronto.

The Royal York, the new Canadian Pacific Hotel in Toronto and the largest modern descendant of the Village Inn beneath the Union Jack, is being equipped with the most extensive centralized radio and public address system installation ever attempted in any part of the world. The equipment was designed and manufactured in the Radio and Telephone Laboratories of the Northern Electric Company, in Montreal and is now being installed in the hotel.

When the Royal York is declared officially opened on June 12th, this year in each of its twelve hundred bed rooms will be a radio outlet on the wall to which headphones may be attached, so that guests may enjoy one or two programs originating from any of five different sources. The Vice-Regal Suite will be equipped with

specially designed loudspeakers having the most pleasing tone quality and an artistic appearance in keeping with the decoration of the suite.

In the main dining room, ball room, banquet hall, convention hall, roof garden, and the private dining rooms will be located groups of both microphones and horns; permitting either the picking up of programs from these locations and the "broadcasting" of them to all parts of the house, or the distribution of a program to any one of these points from outside.

Two highly sensitive and ultra selective radio receiving sets will be located in the control room on the fourth floor. There also will be found impedance "mixer" and control panels and five steel

framed amplifier panels capable of boosting up the strength of the received signals one million, million (1,000,000,000,000) times—powerful enough to deliver good volume at all points in the building—and yet may be tuned down to the softest tones desired for the most restful entertainment in the private rooms.

A five horse-power motor generator set is used to convert the 25 cycles current supply into the 60 cycle power source necessary to operate these various systems. These function through some twelve hundred and fifty outlets connected together by a network of nearly ten miles of high quality rubber insulated and cotton covered, tinned, copper wire, supplying musical entertainment to every corner of this modern hotel.

### LET'S TRADE AT HOME

How good is your town? And is it true that a town is no better than we make it? If we say yes, does it follow that this pertains to business, social life and civic progress.

We are delighted with the faith that all of Raymond's business men show in Raymond. The stock they carry, the business blocks they erect, and the thought and industry they put into their business is a source of real enjoyment and happiness to us. We are close to Lethbridge, it's true but we are building a little commonwealth of our own here and it is the business of all of us to remember that Raymond's interests are ours, and that Raymond will progress no faster than our civic pride permits it to do.

Take stock for yourself, of the hundreds of thousands of dollars invested in real estate, buildings and stock by Raymond's merchants. How does your faith in them, for prices and service, compare with their faith in you as a loyal booster of the home town and a patron of its business houses?

How many of the goods you buy are there that cannot be purchased in the stores, garages, service stations, etc., of Raymond, and who is more entitled to our patronage than our own business men who pay most of our taxes for the maintenance of our roads, schools, etc.

We admit, without question, that the spending of one's money is his own business. Buy where you can buy cheapest. But if you buy your tires from the mail order houses, get your air to fill them from the same place. If you spend your cash in other towns go there when you want credit. Play fair with the local business man. They very seldom refuse to give credit when it is needed; and then, too many of us forget them when we have some cash and send it away, because we think we save money.

Let us get together and boost whole heartily for a better town. Where would we be in weather like the first part of the week when roads were impassable, without our local stores to supply the necessities of life. In case of sickness, without our local drug store, the delay may mean death and so we could go on. We more or less unconsciously benefit by the service and support we receive from our local business fraternity, and we seem to forget that local business needs our support to make it prosper.

And right here, we believe, there is a chance for a better understanding amongst our business men. This is an age of specialization in all lines. The period of trying to carry a little bit of everything has gone, and today the successful purveyor of merchandise is the one who confines himself to fewer lines with a better choice for his customers in these lines.

The thing works both ways. The prices that the merchant has to charge us will be influenced by the amount of trade we give him. The service we get will be governed by our attitude re trading at home. The new industries we get, and the present ones we keep, will depend on the community spirit built up and maintained between the people and the business men to make Raymond a wide-awake progressive town.

Let's everybody trade at home.

### DR. G. W. LEECH TO BUILD SPLENDID NEW HOME

O. J. Rolfsen, local contractor, has the contract for a splendid new fully modern home, to be built for Dr. G. W. Leech on the corner just south of the Raymond Mercantile Co. Lumber yard.

The plans call for full basement, equipped with furnace, hot water, tank soft water tank, coal room, stove room laundry, and bedroom. On the main floor will be a surgery and office for the doctor, waiting room, living room, 3 bedrooms, dining room, kitchen and bathroom besides verandahs, porches etc. Dining room and living will be finished in birch with hardwood floors. The house will be 28x48 feet finished in stucco and completely modern in every respect.

We congratulate Dr. Leech on his enterprise in building such a splendid home in Raymond and making such a splendid addition to Raymond's residences.

Beet men are now puzzling as to how to loosen up the crust after the heavy storm without hurting the beets. Its one thing right after another.

## Frigidaire PROVIDES BETTER Refrigeration

IN stores, restaurants, hotels, factories as well as homes, Frigidaire Automatic Refrigeration points the way to bigger profits and better satisfied customers. It preserves foods better. And at much less than the cost of ice. Let us give you the facts. Can be operated from individual electric plants.

### PRODUCT OF GENERAL MOTORS

The roads have been drying very rapidly.

N. L. Mitchell is in Salt Lake City in connection with a position he has secured with the East Side High School.

Do not fail to see and hear the "Wolf Song" Tonight or Saturday at the Capitol, hear the beautiful music score also Gary Cooper and Lupe Velez sing five solo numbers with a mighty chorus.

Brick work on the new Second Ward Chapel commenced on May 25th with C. B. Strong in charge. There are seven men now at work. The brick is of the Flemish tapestry variety with panel effects and will make a very beautiful job indeed.

### PROPOSED DEBENTURE BY-LAW FOR BUILDING A TOWN HALL

A BY-LAW of the TOWN OF RAYMOND to provide for the Building of a NEW TOWN HALL and FIRE HALL.

WHEREAS it is deemed advisable by the Municipal Council of the Town of Raymond to Build a Town Hall in the Southeast Corner of Blocks One (1) and Two (2) at an Estimated Cost of \$10,000.00

AND WHEREAS it is deemed expedient that the said loan bear interest at the rate of 6 p.c. per annum to be paid equally in annual installments both as to principal and interest.

AND WHEREAS it has been ascertained that the probable life of the building and the necessary changes shall continue over a period of Twenty years.

AND WHEREAS the Rateable value of the Property of the Town of Raymond is \$524,957.50.

AND WHEREAS the Total Bonded Indebtedness of the Town of Raymond is \$40,918.16 and no part of it is in Arrears.

THAT FOR THE PURPOSE AFORESAID there shall be borrowed on the credit of the Town of Raymond at Large, the full sum of \$10,000.00 and Debentures shall be issued there-of in the sums of not less than One Hundred each, bearing interest at the rate of 6 p.c. per annum.

THAT THE DEBENTURES shall be issued and dated within one year and shall be payable as nearly as possible in equal amounts in each year and shall run for a period of Twenty years.

The above is a true synopsis of the By-Law as proposed by the Council of the Town of Raymond, and will be submitted to vote of the Burgesses on Thursday, June 27th, 1929, when within Four Weeks from the time of voting, the By-Law shall be passed.

THE POLLS will be opened for voting at the Town Hall at the hour of 10 A.M. and close at 7 P.M. on the 20th day of June, A. D. 1929.

Certified by

O. H. SNOW,

Returning Officer.

### MUSIC

Servant and Master am I; servant of those dead, and master of those living. Through me spirits immortal speak; and the message that makes the world weep, and laugh, and wonder and worship.

I tell the story of Love, the story of Hate, the story that saves and the story that damns. I am the incense upon which prayer floats to Heaven. I am the smoke which falls over the field of battle where men lie dying with me on their lips.

I am close to the marriage altar, and when the graves open I stand near by. I call the wanderer home. I rescue the soul from the depths. I open the lips of lovers, and through me the dead whisper to the living. One I serve as I serve all; and the song I make my slave as easily as I subject his slave. I speak through the birds of the air, the insects of the field, the crash of waters on rock-ribbed shores, the sighing of the wind in the trees, and I am even heard by the soul that knows me in the clatter of wheels on city streets.

I know no brother, yet all men are my brothers; I am father of the best that is in them, and they are fathers of the best that is in me; I am of them, and they are of me. For I am the instrument of God.—I AM MUSIC

HEALTH SERVICE of the CAN-  
ADIAN MEDICAL ASSOCIATION

SPRING MEDICINE

There is a tradition that when spring comes, we require some spring medicine to purge our bodies of the winter poisons. In the days of the early settlers in Canada, winter did mean misery and sickness, much of which disappeared with the coming of Spring. The sickness associated with winter, among the pioneers, was largely due to their poor diet. Salted meats were their chief food, and there was a lack of vegetables and fruits. In addition, they lived closely crowded together for the sake of warmth.

In our times, our diet in winter can be sufficiently varied because modern methods of preserving foods and up-to-date means of transportation allow us to secure and use fresh vegetables and fruits, or properly preserved vegetables and fruits all winter. Modern heating systems have made it possible for us to be comfortable during the winter, and there is no reason why we should not live and work in ventilated rooms and so secure the fresh air we need.

There is no reason to take spring medicine. There is reason, however, to look forward to spring and to make use of the advantages which that season brings. Compared with winter, this means that in the spring we can be out in the fresh air and sunshine. The only spring tonic we need is Nature's tonic which costs nothing and so can be taken by rich and poor, old and young without a thought of expense. Nature's tonic is made up of fresh air and sunshine. It is ours for the taking. We must do the taking, however, if we are to benefit by it. The sunshine out of doors which makes the flowers and the grain grow will not do us any good unless we get out into it and take our share of it.

Personal health cannot be bought by money; it is not to be found as medicine in a bottle. To secure health and to keep it, we must spend our time. We must take time to secure the spring tonic provided for us in Nature's fresh air and sunshine. Questions, concerning health, addressed to the Canadian Medical Association, 184 College St., Toronto, will be answered personally by correspondence.

**Welling News**

(From our own correspondent)

The rain that commenced Saturday afternoon was the heaviest ever seen in this district. It was very beneficial to the crops but with all its benefits there was much damage done. Some of the beets were washed out while many were completely covered up by the hole was the highest Sunday that it has been for several years. The Nine mile that was washed around. The Pot Mile flooded over during this rain, it is the first time that has ever happened. The check built by the A. R. S. in 1900 and later owned by the Raymond Irrigation District Canal was completely washed away down the main canal. Before it lodged it tore out Mr. Gunning's bridge in his east field. They both lodged at the railroad bridge just east of the Welling station. The Nine Mile bridge on the main road from Welling to Lethbridge was washed out. The railroad was washed out in three different places between here and Raymond. The roads are in a very bad condition, many culverts being washed out.

Those who stayed in Lethbridge over Sunday due to the rain were, Mr. and Mrs. LeRoy Chipman, Mrs. Leslie Chipman and two daughters, Jesse and Lela.

Those who had to stay in Raymond were Mr. and Mrs. E. K. Bullock and family, Mr. and Mrs. Alma Bullock and L. R. Workman.

Those who went to Magrath to attend the M. I. A. track meet had to stay there all night.

Mr. and Mrs. A. M. Wilde went to Lethbridge last Thursday and will spend a few days visiting with their daughter Mrs. Evans Stringham.

There was no Sunday School or meeting held here because the roads were so bad people couldn't attend.

Percy Perret of Magrath was a business visitor here last Wednesday and Thursday evening.

Miss Ethel Peterson has returned home from Calgary where she has been attending Normal School. She motored down Saturday morning.

Eldon Peterson and Glen Bullock met with a slight accident when they fell off a horse. Eldon hurt his back and was unable to go to school Friday. Glen was unconscious for about an hour but was not hurt otherwise.

The people of Welling have gone into the poultry business quite extensively. George and Alma Bullock have been using incubators and have had exceptional good luck. The others who have chickens have ordered them from hatcheries.

Karl Kaber, who left for Peace River District was forced to turn back at Edmonton on account of bad roads.

Wm. Schmidt purchased a Pontiac Coach from the Hudson and Essex Garage at Lethbridge, last week.

**News Notes**

Reed Kirkham returned on Friday night from Normal School at Calgary.

Be sure you take a look at the want-ads each week. They may save you time, worry and money. Read them.

Mayor Fletcher of Magrath Pharmacy has had a 20 x 25 ft. addition built on to the rear of his store, and he has very busy last week getting moved into it and his stock re-arranged.

Mrs. Nalder the local Telephone Agent will be, an M. I. A. Convention delegate leaving for Salt Lake on Wednesday. Miss Grace Kenny will have charge of the office during Mrs. Nalder's absence.

Coming to the Capitol soon will be shown such pictures, as "The White Shadow of South Seas" Al Johnson in "The Jazz" Singer and "The Singing Fool" at 30 "The Broadway Melody" Noahs Ark. The Home Towns and many others.

**GIRLS HAVE ROCKY RANCH CAMP**

Left hand top inset: Dr. Harriett E. Cooke. Right hand top inset: Miss Mary E. Cutler. Centre: Lake Windermere Ranch Camp for Girls. Lower left: David Thompson Memorial Hall. Lower right: Walter Nixon, noted trail rider.

The Lake Windermere Bungalow Camp which was the first of its kind established in the Canadian Rockies will this year be transformed into a Ranch-Camp for girls under the direction of Miss Mary E. Cutler, of Minneapolis, and Dr. Harriett E. Cooke, of Chicago who have had considerable experience in the management of such camps and have selected this as an ideal spot for girls desiring an active outdoor life, combined with instruction in art. The staff includes instructors in riding, swimming and camp-craft, in addition to teachers of handicrafts and painting, and the course will include participation in the annual four-day cross country ride of the Trail Riders of the Canadian Rockies. Both Miss Cutler and Dr. Cooke have spent several summers in this region and are enthusiastic about the health-giving value of ranch-camp life in these Alpine regions of Canada for the younger generation. They took part in last year's Trail Ride to the Lake of the Hanging Glaciers which is in the Lake Windermere district, and have engaged Walter Nixon, the well-known hunter and guide to supervise the trail riding expedition which will form part of the course in camp-craft for the girls. The Hon. Randolph Bruce, Lieutenant-Governor of British Columbia, has his summer home in the neighbourhood and is taking a keen interest in the movement.

### News Notes

Frank and Maurice were on the roads with the drag on Wednesday forenoon.

Mr. and Mrs. Ross R. May from Magrath spent the week end with ye Editor and family.

Ask Mr. Heggie how deep the water was on Saturday night after the "deluge."

L. L. Paek was in Calgary last week and returned with his son from the Technical Institute.

Very keen rivalry was manifest between the various wards at the Meet on Saturday in Magrath.

The proverbial question on Saturday night was, "where did that loud clap of thunder hit."

"Mutt" Ralph says he wore his "tie pas" out on Saturday night, also the knees of his overalls crawling over the wash-out in the track.

Orvin and Benny Hieken spent the week-end with their parents here. Orvin teaches at Woolford and Benny at Leavitt.

Some returned at 5 o'clock and others came at noon the next day, and all hours between from the Track Meet at Magrath.

A. Weideman of Magrath is at the Raymond Service Station, assisting P. Poulsen in the improvements and extensions which are going on. Tip-top service seems to be their motto.

Mr. and Mrs. C. R. Wing and family Mr. and Mrs. W. C. Stone and Mrs. Honnie Nalder, Bishop and Mrs. H. F. Allen and Mrs. W. B. Nalder and Miss Ada Nelson of Stirling left early Wednesday morning for Salt Lake City by car on a holiday trip and to attend the Annual M. I. A. Convention.

**NOTICE**—If you haven't formed the habit of reading this column yet, do it now. Read it every week. It will save you worry, time, and money.

### NORTHERN INDIAN RESERVE OPENED FOR SETTLEMENT

Keen interest is being shown in the announcement that an additional 20,000 acres of Indian Lands in the Peace River district will shortly be opened for settlement. A public sale of several reserves located on the north side of the Peace River will be held at Fairview on Saturday, June 15th. The largest single tract to be included is the Beaver Indian Reserve adjoining the town of Fairview and as this comprises some excellent farm land, bidding is expected to be brisk.

#### Forceful Laxatives Are No Longer Necessary

If you are accustomed to using forceful laxatives as cathartics, you can break away from this habit and bring back the bowel action to a normal condition, or nearly so, by the use of

#### Wampole's MAGNOLAX

In appearance and taste Magnolax is pleasant and palatable. It is a stable combination of Mineral Oil with Milk of Magnesia—embodying the virtues of both. It softens and lubricates the contents of the bowels, causing natural evacuation without discomfort or griping. Wampole's Magnolax mixes readily with milk, and may be given in this way to infants and very young children.

Box Size, 50c. 20-oz. Size, \$1.00
